

GREECE ATHENA MIDDLE SCHOOL
One Vision, One Team, One Greece

Incoming 6th and 7th Grade SUMMER READING 2018

For a fun and exciting way to kick off your summer, how about reading a book?

The goal of the Greece Athena Middle School's Summer Reading Program is to encourage students to develop a lifelong interest in reading because the benefits of becoming an active, fluent reader are numerous. Children who read during the summer enhance their reading skills and prevent summer learning loss. When students are offered choices that are of interest to them, it fosters a love of reading and inspires students to be lifelong readers.

Athena Middle School students have been assigned to read at least one fiction or one non-fiction book over the summer. There are grade-appropriate lists on the library web page, but students are encouraged to consult with their local library or bookstore to find additional books of interest.

When students return in September, we will recognize students and celebrate their participation in our summer reading program. The graphic organizers for this summer reading assignment can be found on our website. They are also available in the Principal's office during the summer. Return completed reading logs to the Principal's office at the start of school in September.

Sincerely,

Jason Fulkerson
Principal
