Student Council is an organization that works to improve the quality of both Athena and the surrounding community. The group participates in and plans events such as: Homecoming, Spirit week, food/clothing drives, jar wars, safe Halloween for local elementary students, and adopt-a-family during the holiday season. The organization meets during Advisement. Members are placed in a multi-grade level leadership Advisement. Members are also asked to participate in activities, depending on their availability, which often takes place outside of school.

## CLASS OFFICERS

The Class Officers organize and plan all extracurricular class functions including class meetings, student council participation (if needed), fundraising, junior prom, senior ball, class trips, and banquets. The time commitment varies from freshman to senior year and throughout the year. Anyone can be involved and if you need further information, please contact your Class Advisors.

The team with the highest score at the end of the match wins. It is very competitive and requires a great deal of knowledge about a variety of subjects. The subjects include; history, geography, literature, mathematics, science, pop culture, sports, music, and just about anything else that can be turned into a trivia question. We have one match a month beginning in October and ending in March.

## **NATIONAL HONOR SOCIETY**

**Advisor: Rachel Furuta**

The Athena chapter of the National Honor Society is an organization of students who have earned membership as being academically excellent, dedicated to service, leaders and young men and women who demonstrate exceptional character. In February of their junior year, students who are eligible candidates for NHS will be invited to attend a meeting where they will receive a Candidacy Packet to complete. Eligible candidates are invited based on a minimum cumulative GPA of 88%. In addition, the packet will require students to submit evidence of their leadership, service, and character.

If students wish to be considered eligible, they will have already had to show proof of community service that is to be completed during the first half of their junior year. Students can begin acquiring these hours as early as July 1 following their sophomore year. Inducted members must complete additional community service and tutoring activities during their senior year.

NHS members are also active in filling a need within the community by organizing school-wide Red Cross blood drives in the Fall and Spring, holding food and toy drives and raising money for not-for-profits. For more information, please see Mrs. Furuta in Room 238.

## **DECA**
